FTTX ROLLOUT**

**PLANNING, ROW,
TESTING AND
OPERATION & MAINTENANCE**

QUALITY ASSURED

- LIFTING EQUIPMENTS
- EARTH MOVING EQUIPMENTS
- LIFTING GEARS
- RIGGER TRAINING
- OPERATOR TRAINING & ASSESSMENT

WE DO THIRD PARTY INSPECTIONS & TRAINING

INSPECTION

Provides expertise in all areas of the Industry.

Our inspectors are trained and certified to inspect all mobile, tower, and overhead cranes as well as bucket trucks, scissor/manlifts, pile drivers, drill rigs, forklifts, mobile gantry cranes, elevator hoists, below the hook lifting devices, rigging equipment, & various construction equipment.

We can undertake to do 6 and 12 monthly thorough examinations on your behalf. Our crane professionals can help you understand the legal requirements to meet HSEQ standards.

The importance to companies to meet their health, safety, environment and quality targets has gained significant importance.

TRAINING & ASSESSMENT

With the availability of experienced instructors we can train operators at your premises on your equipments, thus ensuring that they are fully conversant with the machines in your fleet. Courses in crane awareness allow site personnel to have an understanding of the basic requirements of the LOLER regulations.

We can also train lifting gear examiners and slinging and rigging employees to the industry standards both refresher and new personnel courses.

WE

WILL BUILD

YOUR BUSINESS

REGULAR MAINTENANCE TO PREVENT BREAKDOWNS

ABOUT US

Mexayne has a wealth of experience inspecting and servicing overhead cranes and jib cranes from leading manufacturers. Our highly knowledgeable team knows just how important it is to ensure your model is running safely, and we're fully insured to undertake all aspects of Overhead Crane Maintenance, Servicing, Inspection, Repair and Installation in all industries

OUR EXPERTISE

With over 10 years of experience supplying used overhead cranes, gantry & swing jib cranes, hoists, lifting equipment and components, Mexayne carries out regular maintenance and repair work on models from leading brands, including Donati, Demag, Abus, Kone to name a few. What's more, we're certified to ISO 9001:2015 quality standards to which we fully conform to ensure you get the best quality equipment and service, whilst we respond to all maintenance, repair and servicing requests in a professional and speedy manner.

SCOPE OF WORK

- Lubrication of wire rope
- Inspection of rope for wear and accidental damage
- Oil level
- Brake adjustments
- Crane Modifications
- Wear report (gears, brakes, wheels etc)
- Check safety equipment (limits – hook catches etc)
- Inspection of cable and long travel conductors including collectors
- Completion of service report sheets with any defects listed

WHY MEXAYNE

We can provide a full service alongside our inspections that can identify any weak links in your equipment. With our help, you can prevent expensive breakdowns with loss of production or serious injury due to the failure of a critical component.
